THE CELEBRATION

On Friday and Saturday last was the first attempt made by Edmonton at anything of the kind on a grand scale, and it was certainly an undertaking which required courage and enterprise to plan as well as energy and money to carry out. It is conceded on all hands to have been a complete success, reflecting all credit upon its promoters and upon those who took part. The weather was the only drawback, and its badness was more in threat than in action. Thursday was cold, windy and cloudy, and most likely prevented many people in towns along the line from taking advantage of the excursion, as the visitors north of Calgary were very few. However the special train with its five coaches and 175 passengers rolled in in good time about 7.30 on Thursday evening. The weather became warm in the evening and a shower fell after dark which it was thought would clear the air for the next day. It did not, however, and Friday was cloudy, threatening and disagreeable all day with a very light rain falling for a little while in the afternoon. This no doubt kept many of the farmers away, who otherwise would have come in. However there was a good attendance, although not up to that of some former years, but very much larger than could reasonably have been expected, considering the weather. Saturday was clear and bright all day without being very hot and was a very good day for sports. The attendance was good though not as large as the day before. The athletic sports were well contested. In the horse races which are the great feature of such days the Calgary horses were the great attraction. The running horses from Calgary were the first really fast horses which have been seen in Edmonton for years. They had matters very much their own way. In trotters, however, Edmonton showed up fairly well. McCauley's "Blackthorn" made good time in the free-for-all trot and won the three minute trot against the winner of the former, J. M. Sutherland's "Nubia," a very speedy little mare. The following is the list of events:

MAY 24TH—ATHLETIC SPORTS.

FOOT RACE—ALLEN VS. MOOSEWA.

This was the event of the sports and was the last to come off, as Moosewa had not arrived from Lake St. Ann in time to appear on Friday as advertised. The distance was 220 yards and the prize \$100. Moosewa had the outside place. An even start was made. Moosewa drew ahead at once and kept a small lead throughout, winning by about two feet. Betting in the pools was 10 to 7 on Allen, but no very large amount of money was put up. Time 22 1/2 seconds.

The judges on the horse races were Insp. Snyder, E. Looby, Edmonton; Thos. Stone, Calgary. Starter, T. W. Chalmers.

Drs. Braithwaite and Harrison were the judges on the athletic events. W. West, starter.

TUG OF WAR—EDMONTON VS. CALGARY.

The following were the teams: Calgary, T. Stone captain; Bullock, Critchley, Woolley-Dod, Smart, Jones, Heaney, Broster, Sullivan, Heaslip.

Edmonton, John Cameron, P. C. Campbell, Jas. Dinner, K. A. McLeod, Alex. Cameron, Archie Cameron, Archie Campbell, W. Hovey, P. McPhee, J. McInnis, E. Looby, captain.

Edmonton won twice in succession. The tug took place on Saturday evening on the open ground at the head of Ross' grade.

NOTES.

The grand stand was well patronized on the afternoons of both days.

The Edmonton Brass band occupied their stand on the grounds both days of the celebration, and gave life to the proceedings that was very enjoyable.

The St. Albert band, composed of Indian boys from the St. Albert orphanage, were present on Friday and aided greatly in enlivening the proceedings. They played surprisingly well.

Jos. Larose's dance booth was well patronized on Friday and Saturday. Jack Flynn's whistle could be heard above all other sounds. No matter what the excitement was on the track the dance went on just the same.

The steam fire engine, firemen with hose reels and fire brigade band paraded to the grounds on Friday afternoon to take part in the horse race, making a very fine appearance. The band played several fine selections.

The excursion train pulled out for Calgary at 2 p. m. yesterday. There was a large crowd at the station to see the excursionists off. They were given three cheers at starting and departed with mutual good feeling.

The guild of St. Agnes in connection with the Church of England held an apron sale in a booth outside the race grounds. Besides selling aprons they had an ice cream tent and lunch tent in which they drove a thriving trade.

A foot race of fifty yards between Thos. Stone and John Cameron of the tug war teams took place on Saturday evening for \$10 a side, which was won by Stone. A number of other events took place of which it was difficult to take notes.

Both days passed off without an accident or any apparent ill feeling of any kind. There was noticeably very little drinking or drunkenness on the grounds. Excellent order was kept, due very greatly to members of the mounted police who were on duty, and did it well.

This was the first occasion on which an admission fee to the race grounds in Edmonton was charged, and although the races could be seen very nearly as well from outside the fence as inside and the fence itself could be passed through almost anywhere, nearly every body paid the admission fee.

The visitors from Calgary generally expressed themselves as well satisfied with their visit. Most of them came for an outing and to see the country, and the entertainment was quite up to specifications. The only disappointed ones were the few who expected to make a pot of money on bets with Edmonton men. All things considered there was very little betting.

BY-LAW No. 100.

A By-Law for assessing by way of special frontage assessment the cost of certain local improvements made in the year 1894, and for levying such cost by a special rate, and for regulating the time and manner of the payment thereof.

WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 1) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid by special frontage assessment upon the lands fronting on the portion of Jasper Avenue between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, and the cost thereof to be paid by a special frontage assessment upon the lands fronting on the South side of the portion of Jasper Avenue whereon the improvement was proposed to be made;

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 2) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that plank sidewalk be constructed on the south side of Jasper Avenue between First Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, and the cost thereof to be paid by a special frontage assessment upon the lands fronting on the South side of the portion of Jasper Avenue whereon the improvement was proposed to be made;

AND WHEREAS the said improvements were made, and the expenditure necessary therefor was met by means of temporary loans effected in pursuance of the provisions of the Municipal Ordinance in that behalf;

AND WHEREAS under the provisions of By-law No. 85 of the said Municipality it has been ascertained, certified and finally determined: (a) That the probable life of the improvements, including interest properly chargeable thereon was as follows: Of that under Petition No. 1, \$23.40, and of that under Petition No. 2, \$23.25, making in all the sum of \$46.65; (b) That the value of the land chargeable with the special frontage rate in each case, (exclusive of all improvements thereon) was as follows: That comprised in Petition No. 1, \$3,400, and that comprised in Petition No. 2, \$4,000, making in all the sum of \$7,400; (c) That the number of frontage assessable as aforesaid comprised in Petition No. 1 is 656 feet, and the proportion in which the cost of the improvements made in pursuance of the said Petition No. 1 is to be borne is an equal and uniform portion per foot frontage of the entire cost of the improvements made in pursuance of said Petition No. 1, and that the number of feet assessable as aforesaid comprised in Petition No. 2 is 626 feet, and the proportion in which the cost of the improvements made in pursuance of said Petition No. 2 is to be borne is an equal and uniform portion per foot frontage of the entire cost of the improvements made in pursuance of said Petition No. 2.

THEREFORE, the Mayor and Council of the Municipality of the Town of Edmonton, in Council assembled, enact as follows: 1. The cost of the improvements made under the said Petition No. 1 shall be assessed upon the lands comprised in said Petition No. 1 by way of a Special frontage assessment, as defined by the Municipal Ordinance, Part 7, Section 2; and the cost of the improvements made under the said Petition No. 2 shall be assessed upon the lands comprised in said Petition No. 2 by way of a special frontage assessment, as defined aforesaid, and the costs in each case shall be levied by a special rate upon the lands comprised in each Petition respectively, in such manner that there shall be levied and collected in each year for the period of ten years from and after the first day of January, 1895, at the same time and manner as the general Municipal taxes such sums as will be sufficient in each case to cover the annual interest at the rate of six per cent. per annum upon the amount of the cost, and form a sinking fund for the payment of the principal amount thereof, estimating the rate of interest on the investment of the sinking fund at five per cent., capitalized yearly.

2. The assessor is hereby directed to make such assessments and ratings as aforesaid.

3. There shall be held a sittings of a Court of Revision for the hearing of appeals in respect of such assessments and special rates at the Council Chamber in the Fire Hall, Edmonton, on Wednesday, the 5th day of June, 1895, at 8 o'clock, p. m.

DONE AND PASSED in Council this 5th day of May, 1895.

LEAD.

There arrived by Friday's train one car loaded for R. Featherstone and one car for Mr. Hochmann.

Sullivan camped here last night with his band of horses and went north this morning. Horse-dickering is the order of the day here. About every other man you meet duns you for a trade or purchase.

Roberts and Ormond, the famous Edmonton comedians and comedians, held a fairly attended concert in Thompson's hall here last night. Weathering, singing and acting were artistically displayed. They are bound for Edmonton to-day.

Crops and garden stuff of all kinds are progressing slowly. Some what suffering for the want of rain and sunshine.

Notice are posted announcing the arrival of Knight & Stewart on the 29th, with one hundred heavy draught horses.

R. Pittersich, our village shoemaker, is busy erecting his shoe store and dwelling. Mr. Vincent is also getting out his legs for a blacksmith shop.

There are frequently seen about the settlement.

Mr. Latham, of Clearwater, conducted service here last Sunday.

May 28th, 1895.

HASTE.

WETASKIWIN.

Much interest has been excited in many farming districts in England by the publication of a long descriptive letter, forwarded to the Colonial office, London, by Mr. H.C. Lisle, giving a clear and concise description of this portion of Canada, as to its desirability as a home for future settlers, with particular reference to climate, crops, social facilities &c. As a consequence of its publication a large number of English farmers and others have written to Mr. Lisle for further particulars, and there is no doubt that in the near future quite a number of Englishmen will fix on Northern Alberta as their future home. It is a well known fact that residents in old world countries are more influenced by letters written by actual settlers, immigrants from their own land, than by all the glowing word pictures painted by paid emigration agents. In the interests of the territories and of the present residents it is the duty of all who really wish to see this great west filled up by really worthy settlers to use whatever influence they may have in propagating and extending the truth as to the unbounded capabilities of Northern Alberta. Particular may this be done by personal, truthful statements of individual experience being forwarded to the friends left behind in the old country and by publication of such experiences in old country newspapers. The fact that Mr. Lisle receives such a large number of enquiries as a result of his letter, goes far to prove the existence of a numerous class of people in the old country who are ready to consider the advisability of removal to some other lands, with a view to an improvement in their position and prospects. Let the government do what it may to further immigration or otherwise, if all settlers who feel satisfied with their circumstances here, and believe in the future of our country, would send down and write fully as to their daily life, their present condition and prospects, and send to their old homes for publication, we would soon see the results in a large influx of new settlers from our old homes.

Trade is very quiet here just now. Fooding finished; everybody longing for rain. Still it is not too dry; nothing suffering so far.

Prairie and bush fires are still in fashion. Today with wind from northwest sky is overcast by smoke.

Saturday last Dr. Baldwin, of South Edmonton, was in town. It is understood he is about to locate here.

Many of our young people are going to Edmonton for the sports. The previous summer left by train yesterday for a week's picnic, taking in the sports &c., chartered by the Van Heuse boys, with C. Gile and Willie Walker. They intend looking around the Edmonton and Fort Saskatchewan district before returning.

The foundation of Boyce's new hotel is now complete. Three cars of lumber are expected by next train.

Butter 8c to 12c per pound. Eggs 12c per dozen. Oats 50c. Wheat 60c. Potatoes 20c.

ELECTION ADDRESS.

To the electors of Alberta.

GENTLEMEN.—As the nominee of the convention of Alberta Liberals which was held recently at Calgary, and having been assured of a strong support by the patrons of industry in Northern Alberta, as well as at the solicitation of a large number of independent conservatives in this part of the country, I have the honor to offer myself as a candidate for the representation of Alberta in the Commons at the approaching general election. The stand which I take with the full knowledge and consent of those who have tendered me their support is that of an independent as to party, but not as to principle. On the main question at present at issue between the liberal and conservative parties, I understand that the organizations and individuals tendering me their support have done so with the wish and expectation that I would and will so far as lies in my power support the policy of a tariff for protection, which is the declared policy of the present government; on the ground that the protective policy discriminates unjustly against the western producer in favor of the eastern manufacturer.

Although holding strongly with the liberal party and also the patron organization on this point, I have not bound myself to either of these because I believe that the first duty of the single representative of so great a country holding such great possibilities as this district of Alberta should be to use his every energy for the further development of this country and the realization of these possibilities; as he can not if he is to be subject to restraint by the exigencies of any party. This constituency has had party representation during the past eight years, has been represented by a member of the party in power then and now. If the results have been satisfactory, that principle should be continued. If not it should be changed. It is because I believe that this system of party representation has been greatly injurious to this district that I have consented to make the personal

sacrifice involved in my candidature, and because, so far as I knew, no other person was likely to come forward to advocate these or like views.

In a region so vast and varied as Alberta it would be impossible for any man at any time to define all the points of policy that would affect each locality, therefore I do not attempt to do so here. I hope from time to time, however, in the course of the contest, to have the opportunity to discuss fully with the electors at most of the principal centres of population, all matters that may come up for discussion, in whatever shape they may appear. That such a vast region, having such a large population and such important interests should be accorded only one representative is as plain a case of injustice as is required to show the glaring failure of party representation to secure the people in even their simplest rights. The matter of railway extension and railway rates particularly in the north and the question of irrigation in the south seem to be the great questions affecting the interests of the district with which parliament will from time to time have to deal. I need not point out that while these are vital questions to Alberta, they are not party questions at all, and it is all the more necessary that your representative should be in a position to advocate your interests in regard to them in parliament without party hindrance even if he has to do it without party support.

Speaking generally I may say that I will support a policy of development for Alberta and while I will not bind myself to ask for favors for any section or interest I will bind myself to do all in my power to see that each section and every interest receives fair and equal treatment.

In conclusion I will say that although I have no personal interest to serve or ambition to gratify by entering upon this contest, yet having entered upon it in good faith I shall do all I can to win, and ask for the active assistance of every man who believes that the success of the principles which I have been selected to advocate would be in the interest of this constituency and of the country.

Respectfully Yours,

FRANK OLIVER.
